Experience History

The main Inn house is a classic example of Victorian architecture with wide front porches and curved rear porches designed to catch the soothing sea breezes. Guests have been welcomed to the Inn for more than 100 years. Built as a summer retreat for his family by attorney and Congressman William Sidney Smith in 1897, the Inn has been completely restored and renovated with modern amenities.

Edmund Rhett drafted The Articles of Secession that led to the Civil War in this building. Along with his brother Robert Barnwell Rhett, Edmund was known as one of the "Fire-eaters" that advocated for secession as early as 1844. In classic Beaufort fashion, the building also served as voter registration center for decades during which untold numbers of freed slaves registered to vote at the same site where the words leading to secession and the US Civil war were first put to paper.

This cottage on Scott Street was built in 1895 by the Female Benevolent Society, a society that would educate and provide relief for destitute children. The society leased the cottage for many years, using the income to help the needy. Some tenants of the cottage during that time included the CloverClub, which operated a circulating library (1910-1917) and an infirmary (1917-1925).

The Guest Experience

You are our priority, and while you're a guest of The Beaufort Inn, we strive to give you the best experience possible. No two stays are the same and we enjoy providing you with several options to experience the charm and authenticity of Beaufort.

From the moment you check-in, you will receive an overview of our property and our passionate front desk team member will walk you to your room, giving you a history of our property along the way. We invite you to stop by the Main Inn's Parlor any day during your stay at 3pm to enjoy a delicious afternoon snack prepared by Beaufort Bread Company. The parlor also has 24/7 complimentary coffee and water.

Explore Beaufort with our complimentary bicycles (we recommend sightseeing in Historic Downtown Beaufort's Old Point and checking out the Spanish Moss Trail)! Seasonal s'more packets are available in the Fall and Winter months, however you're always welcome to relax by our courtyard firepits whenever you'd like. We also highly recommend a visit to Hunting Island, the #1 State Park in South Carolina. With our complimentary Beach Pass, everyone in your vehicle will receive access to Hunting Island to enjoy the beach, nature center, and/or lighthouse. Please note the lighthouse is \$2.00 per person. Guests also have access to Cat Island Pool.

In addition to our complimentary offerings, we also have several partnerships with area businesses so you can enjoy several great attractions and activities. Please let our front desk know what you're interested in experiencing, and we can let you know what specials, if any, are available.

Included activities range from Horse Carriage History Tours with Southern Rose or Sea Island Carriage Company, a Salon and Spa experience at Bangs, a History Museum Ticket including the Beaufort History Museum and the Verdier House, a Tailwind Fishing Charter with Captain Dan and so much more!
